**Community Service
Recognition: Abigail Ptacek**

Mrs. Testa began this evening’s presentations in recognition of Abigail Ptacek. She explained that Abigail, at the age of eight, with the assistance of her family, approached her with the desire to donate backpacks to North Bellmore children in need. Mrs. Testa inquired of Abigail, a student from another district, why North Bellmore, and she was told that her grandmother was a teacher in the area and that the district mission statement of North Bellmore emulated their desire for children. Since that day, Abigail, now sixteen, with the support of her grandmother and family, has donated hundreds of backpacks to the community of North Bellmore labeled and replete with grade appropriate supplies. Mrs. Testa proudly on behalf of the North Bellmore BOE and administrative team presented Abigail with the North Bellmore Board of Education Humanitarian Award.

**Student Ambassador
Program**

Mrs. Testa was happy to share the return of the 6th Grade Student Ambassador program, an opportunity for students to grow as leaders, and offered her gratitude to Mrs. Pollitt for orchestrating the program.

Mrs. Pollitt was proud to welcome the student ambassadors this evening and their families. This program she shared was developed to inspire students to be leaders and indicated who better to be the face of the district but the students, the pride of North Bellmore. Mrs. Pollitt explained the honoree student ambassadors in attendance this evening began their role as ambassadors in the spring of fifth grade at the Kindergarten Showcase in May, and in June during the Summer Scholar Program. Under the supervision of faculty and staff, she indicated, they greeted families, prepared and handed out documents, backpacks, etc., and were observed to be making on the spot decisions, all with a friendly positive attitude illustrating the development of true leader qualities.

Mrs. Testa named and congratulated each of the students, and Mrs. Pollitt awarded those students present with certificates.

She described the roles of the “Lions” as leading by example, building relationships, and improving the world with kindness, an organization that consists of 60 volunteer members in Bellmore and, internationally, 1.4 million caring members.

Mrs. Testa recognized the Bellmore Lions Club for their never-ending dedication to the district and the community of North Bellmore. She spoke to their timeless boundaries, whether called upon in the daytime or in the middle of the night, their response is always “what do you need, where, and when”. In the past twenty years the Bellmore Lions Club has donated school supplies, eyeglasses, clothing, food, gift cards, etc., in excess of \$100,000 to those family’s requiring assistance in this community. Julia Mordoff	Azan Rehman
Mikaeel Kassim	Sauliman Virapen

Julia, Mikaeel, Azan, and Sauliman spoke individually but their words unilaterally described how awesome it is to be a student of the Park Avenue School. They shared their overall excitement on initially entering Park, whether it was in kindergarten on day one or entering into pre-established grade levels, like second grade, speaking to the welcoming environment by both classmates and teachers, and making new friends. And now as sixth graders, their overall excitement emanated as they spoke of switching classes for science and social studies, special trips such as Project Adventure, building rockets, and most important graduation.

Park Avenue School: 6th Grade Representatives (continued)	They offered their gratitude and appreciation to the Board of Education, Mrs. Testa, the Administrators, Mr. DeBlasio, and their teachers, Ms. DiMonda and Ms. Giusto, for allowing them to speak this evening. Mrs. Testa presented the students with certificates.

He presented the June 30, 2022, year-end Audit Presentation to the Board of Education, and respectfully complimented the district on an excellent job, providing good information year-round, clean and unmodified as substantiated by the annual audit. No material weaknesses or significant deficiencies in internal control were cited. Mr. Nawrocki complimented Mrs. Rehak, Mr. Newman, and extended his gratitude to the Business Department and Superintendent Testa on their excellent cooperation. Mr. Nawrocki noted that North Bellmore has a perfect record for timely filing. No questions were posed by the Board.

**SUPERINTENDENT'S
REPORT/BUSINESS REPORT**

Mrs. Testa again thanked all in attendance this evening, students and adults, for their contributions to the North Bellmore School District and the entire community. In response to the Audit Presentation this evening, she echoed the sentiments of Mr. Nawrocki and expressed extreme gratitude to Mrs. Rehak for her outstanding work, professionalism, and knowledge in the area of business and finance, the entire Business Office staff under her leadership, and the members of the Audit Committee, Jacqueline Erickson, Teresa McCarthy, Nina Lanci, and Chris Nardo.

Before moving onto the Bond Presentation this evening, Mrs. Testa addressed the following highlights district wide:

- With respect to new personnel this evening, she welcomed Ms. Holly Sugarman, School Counselor, to the North Bellmore School District.
- Fencing has been installed at Saw Mill Road and Martin Avenue Schools. This project, which is grant funded, will continue to move forward with installation at Newbridge, Park, and John G. Dinkelmeyer schools.
- The district is continually monitoring and modifying a schedule to permit access to the playgrounds as an ongoing commitment to the North Bellmore community. On weekdays, the gates are closed at dusk by the security staff and the custodial staff reopen them in the morning. On weekends, the security staff will open limited gates for access. Mrs. Testa expressed gratitude to Mr. Russo, the entire custodial team, and Allied Security for their cooperation, assistance, and flexibility in this regard.
- Mrs. Testa recognized the Nassau County Police Department and Homeland Security for their ongoing monitorization of the buildings, implementation and testing of security systems, etc., for preparation in the event of an emergency type situation.

BOND PRESENTATION

Mrs. Testa and Mrs. Rehak presented 2022 Bond Overview video illustrating the upcoming projects with respect to the proposed Bond. The video is viewable on the North Bellmore UFSD website along with a copy of tonight's presentation.

Mrs. Testa and Mrs. Rehak reiterated the scope of work to be performed under the proposed 2022 Bond, and delved into the importance set forth by the Building Condition Survey (BCS) prepared by the district architect and engineer. Highlights included:

BOND PRESENTATION
(continued)

- HVAC – The district currently maintains the old equipment. Overhaul was advised in 2008 but that bond failed and replacement is still needed based on BCS. HVAC overhaul in the 2022 Bond proposal includes piping, electrical upgrades, air conditioning, and heating.
- Elevators – In compliance with American Disabilities Act currently the only building that has an elevator is the Martin Avenue School. Elevators provides building accessibility to those with temporary and/or permanent disabilities. Elevator installation at JGD and Saw Mill Road schools are included in the 2022 Bond proposal.
- Building Playgrounds – Installation of one new playground structure at each building. The community of North Bellmore does not have a public park. Therefore, school playgrounds are utilized as a mode of outdoor play which enhances social and physical health for the community.
- A review of the tax impact of the proposed bond utilizing average assess values district wide. A Tax Impact Calculator is available on the website under Capital Project/Bond 2022 for homeowners to calculate the estimated impact of the tax levy.
- An *estimated* timeline of the bond projects discussed ranged between 2023 through 2025. Key factors that could potentially impact this projection include the overall bid process, the number of contractors, the scope of work able to be performed year-round versus in the summer when the buildings are unoccupied, etc.

Mrs. Rehak reminded all of upcoming bond presentation dates including November 16 and 17, at North Bellmore Public Library, and the Bond Fair at Saw Mill Road School on November 30, and the bond vote scheduled to be held on December 8 at the Newbridge Road School.

Questions were presented by the BOE as follows:

Mrs. Lanci had a question regarding the procedure for obtaining an absentee ballot and the timeline for same. Mrs. Rehak indicated instructions on obtaining an absentee ballot will be made available under the Bond section on the website, through connect ed, and in the presentations.

Mrs. Malloy asked with respect to projects performed indoors and outdoors simultaneously as a requirement to receive state aid, was the state aid factored into the tax impact. Mrs. Rehak responded that the tax impact does factor into state aid, that projects such as these are aid able, and the financial advisors did factor in that consideration.

BOND PRESENTATION
(continued)

Mrs. Lanci inquired with respect to the tax calculator and assessed values, the tax impact on a homeowner can fluctuate, i.e., if one year the assess value is \$800,000 and the following year the assess value drops to \$750,000, it may go down. Mrs. Rehak responded there can be variations since some homes currently are affected by the 5-year protection plan causing fluctuations. An increase in assess value may potentially impact the tax levy and vice versa in the event of a decrease.

Mr. Nardo inquired if the bond was not passed this year, was a study performed on the projected cost to do the same work in the future versus today. Mrs. Rehak responded that currently we have not done a study, but indicated we are currently in a volatile market especially with respect to interest rates and inflation at a near 10 percent. In retrospect of the market today, you would expect much higher increases based on the rate of inflation in comparison to two years ago. Mrs. Testa thanked Mr. Nardo with respect to his inquiry and added that while a formal study was not performed, the financial advisors recommended not to delay the projects too long especially with the rising cost of materials compounded by the volatile market.

Mrs. Cmar-Grote asked if you were to modify the bond would it affect the tax impact. In response, Mrs. Rehak indicated she calculated a rough estimate with respect to the scope of work performed. For example, she explained, if the district withdraws the playgrounds the range would be \$10 to \$25, and if you were to remove the elevators as well, the impact would be \$20 to \$50 depending on the assess value of the home. In furtherance, Mr. Nardo inquired if that would be \$20 to \$50 on an annual basis. Mrs. Rehak indicated it would be annually, not per month.

**TRANSPORTATION
ADDENDUM**

13.12 Mrs. Lanci moved that the Board of Education approve that the North Bellmore School District enter into a piggyback contract with the Bellmore-Merrick Central High School District and First Student Inc. for the transport of three students to an out-of-district non-public school. This would result in a cost savings to the North Bellmore School District as the contracted cost is substantially lower than new contracts that have bid out to schools of similar distance. Mrs. Malloy seconded and the motion carried 5-0.

OLD BUSINESS

Mrs. Cmar-Grote inquired regarding the school calendar with respect to adding EID as a formal holiday. Mrs. Testa indicated the district is looking to the future and is gathering information for BOE consideration including contractually the days required for students and staff, and recommended a work session for review and discussion of holidays.

PUBLIC COMMENTS

Ms. Goedel (Martin Avenue) – *What happens if the bond is voted down? Why not wait until May?* Mrs. Testa responded if the bond is voted down the district would inquire of the BOE regarding whether to hold a revote, and if so, potential modifications to the original proposed bond. If a revote is not an option to be visited, a contingency plan for maintenance would be discussed. With respect to holding the bond vote at the same time as the budget, Mrs. Testa indicated it is not a recommended practice due to the amount of financial information being presented.

Ms. Goedel further inquired *if you have to go out for a revote, so two votes for the bond and then the budget vote in May, how much does it cost the district each time to run a vote?* Mrs. Testa responded approximately \$9,000 to \$10,000, and indicated this was the scenario in 2018 when the budget was voted down.

Ms. Goedel (Martin Avenue) - *Why is it \$300,000 for each school for new playgrounds? Some buildings like Saw Mill have new playgrounds. Martin Avenue is in good shape too.* Mrs. Cmar-Grote responded that while some of the playgrounds are in better condition than others, it creates equitability among the schools and does not show partiality of one building against another.

Ms. Holmes (Logue Street) – *Do we still have Title 1 schools in our district? If so, which schools and how does it qualify?* Mrs. Pollitt responded that Title 1 schools are those schools in the district that have the lowest socio-economic status and this is derived from analyzation of the free and reduced lunch. She indicated the two schools identified this year are John G. Dinkelmeyer and Newbridge Road.

POTENTIAL EXECUTIVE SESSION

None.

ADJOURNMENT

On a motion by Mrs. Lanci, seconded by Mrs. Malloy, and carried 5-0, the Board of Education meeting was adjourned at 9:48 p.m. The next meeting will be held on Thursday, November 10, 2022.

Respectfully submitted,
